

ICICC-2023
**6th International Conference on Innovative Computing and
Communication**

Organized by Shaheed Sukhdev College of Business Studies, New Delhi, India
On 17-18th FEBRUARY 2023.

******* CALL FOR PAPERS *******

SPECIAL SESSION ON

Intelligent Vision and Computing

SESSION ORGANIZERS:

Dr. Naeem Ahmad,
National Institute of Technology, Raipur, India
Email Id: naahmad.mca@nitrr.ac.in
Mobile No: +91-8510930530

Dr. Deepak Singh
National Institute of Technology, Raipur, India
Email Id: dsingh.cs@nitrr.ac.in
Mobile No: +91-9827916708

EDITORIAL BOARD: (Optional)

[Name, University or Organization, Country, e-mail]

SESSION DESCRIPTION:

A developing area of current machine vision research is the application of intelligent imaging methods to computing vision issues. Machine vision is a relatively new field of study that focuses on systems engineering over computer science. It has a lot to offer the different sectors such as industry, healthcare etc. in terms of enhancing productivity, security, and product quality. We intend to bring academics and researchers together to talk about their most recent work on intelligent computing techniques including Imaging Sensors Technology, Features Extraction, Color and Texture Analysis, Image Segmentation, Deep Learning, Image/Video Classification, Image Restoration, Soft Computing for Machine Vision, Surveillance, Human-Computer Interaction.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- Imaging Sensors Technology
- Features Extraction
- Color and Texture Analysis

- Image Segmentation
- Deep Learning
- Image/Video Classification,
- Image Restoration
- Soft Computing for Machine Vision
- Surveillance, and Human-Computer Interaction

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **“Intelligent Vision and Computing” on or before 30th November 2022**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE’S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at http://icicc-conf.com/paper_submission.html. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify **Intelligent Vision and Computing** at the top (above paper title) of the first page of your paper.
